

MODAT-210

Order Entry PDA

- Texas Instruments Sitara ARM Cortex A8 CPU
- Android 2.3 Operating System
- 3.5" TFT LCD 375 cd/m² with Resistive Touch
- Wi-Fi 802.11 b/g/n and Bluetooth 2.1 + EDR
- GPS and HSDPA or GPRS

Point-of-Service Application

Order Management

Power Saving and Trendy Platform

TI Cortex A8 CPU

- TI's Sitara family of highly-integrated ARM9™ and ARM Cortex™-A8 microprocessors offers various combinations of high-performance and low power levels, providing the ability to create an array of products using a common hardware and software platform.
- Reduce system risks and accelerate time-to-market using standard and comprehensive ARM-based software development tools.
- TI is the largest ARM core licensee supporting all major high-level operating systems such as Android and Window CE.

Sitara™ offers

Performance

- Up to 450MHz ARM9 to 1.5GHz Cortex A8 devices
- Industry's first widely available Cortex-A8 devices - 2DMIPS per MHz
- Graphics acceleration up to 27M polygons/s performance for advanced user interface
- High speed DDR2 and DDR3 memory performance

Connectivity

- 10/100/1000 Ethernet
- CAN 2.0 and High speed USB interface
- Multiple serial port options per device
- Cost effective processor with SATA interface
- Flexible LCD controller for up to 720p displays and moving to 1080p in future devices
- Industrial peripheral support

AM3517/05 Cortex™ -A8 based processors

Benefit

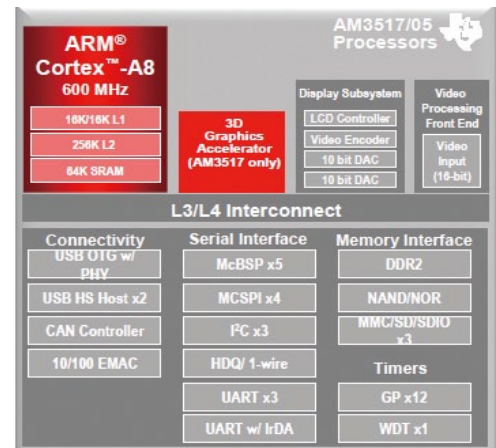

- Supports OS such as Linux, Win CE, RTOS
- 10M polygons/second for robust GUIs
- Multi window overlay for hardware accelerated user

Power

- Total Power: L700mW
- Standby Power: 12mW

Suggested Application

- Industrial/Home Automation
- Point-of-service

Android 2.3.4 Operating System

- Android is an operating system for mobile devices such as smartphones and tablet computers. It was developed by the Open Handset Alliance led by Google.
- Android was listed as the best-selling smartphone platform worldwide in Q4 2010 by Canyls with over 200 million Android devices in use by November 2011.
- 2.3 Gingerbread refined the user interface, improved the soft keyboard and copy/paste features, improved gaming performance, added SIP support (VoIP calls), and support for Near Field Communication.

Android Market is the online software store developed by Google for Android devices. An application program called "Market" is preinstalled on most Android devices and allows users to browse and download apps published by third-party developers, hosted on Android Market. As of December 2010 there were about 200,000 applications and widgets available on the Android Market.

Android Security Issue

Android applications run in a sandbox, an isolated area of the operating system that does not have access to the rest of the system's resources, unless access permissions are granted by the user when the application is installed. Before installing an application, Android Market displays all required permissions

Rich Wireless Communication

The MODAT-210 keeps mobile workers connected with the back-office and peripherals through built-in 3.5G, Wi-Fi, and Bluetooth wireless technologies.

Local-Area Communication

Complies with the 802.11 b/g/n standard this feature allows fast data transfers for near field or ad-hoc data communications.

Complies with the Bluetooth 2.1+EDR specification, this feature ensures easy and quick access to nearby peripherals.

Wide-Area Mobile Communication

Provides up to 3.75G wireless technology, mobile out-field workers can maintain constant contact with the back office.

Built-in GPS

GPS is a mature technology that allows users with GPS antennas to locate their current location with respect to other landmarks.

Semi-Rugged Design

Designed specifically for out-field applications, the MODAT-210 has been tested and approved for its semi-ruggedness:

IP 64 Rating

Dust tight and protected against water splashed against the component from any direction

Operating Temperature -10°C ~ 50°C

Can be operated under a wide range of temperatures

1.2M Drop Test

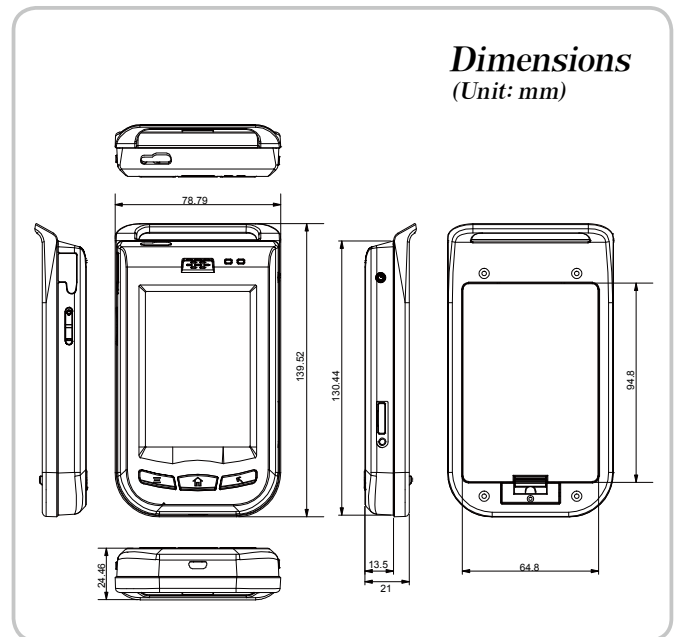

Passed the 1.2M drop test on all sides 26 times

Separate IO covers prevent water from entering the MODAT-210, allowing it to have IP 64 grade protection.

Specifications

| Model | MODAT-210 | | |
|--------------------------|-------------------------------------|--|---|
| Display | LCD Size | 3.5" TFT LCD | |
| | Brightness (cd/m ²) | 375 cd/m ² | |
| | Max Resolution | 320(H) x 480(V) HVGA | |
| | Viewing Angle | 80/58/80/80 Deg. | |
| | Touch Screen | 4-Wire Resistive Type Touch | |
| System | CPU | TI Sitara AM3715 | |
| | OS | Android 2.3 | |
| | Memory | 4GB eMMC Flash + 512MB SDRAM | |
| | Storage | microSD Slot | |
| Communication | Wireless LAN | Wi-Fi 802.11 b/g/n | |
| | Bluetooth | Bluetooth 2.1+EDR | |
| | Modem | WCDMA/HSUPA or GPRS | |
| | GPS | GPS w/internal antenna | |
| AIndicators & Buttons | LED Indicators (from left to right) | Charging Status / Full LED (Orange / Green) Wi-Fi / BT enable / disable LED (Green / Blue) 3.5G or 2.5G enable / disable LED (Green) | |
| | Keys | Power On / Off Switch Reset Key 5 x Function Key (Home / Menu / Back / Up / Down) 1 x Headset | |
| | I/O Interface | Audio | 1 x 1W Speaker 1 x Built-in Digital Microphone |
| | | Expansion | 1 x Micro USB Host 1.1 / Client |
| Power | Power Adapter | Input : 100 V AC to 240 V AC ~ 50-60 Hz 0.2A Output : 5V / 2.1A | |
| | Battery | 3.7V 1,800 mAh battery | |
| Environment | Operating Temperature | -10°C~50°C | |
| | Storage Temperature | -20°C~70°C | |
| | Humidity | 5%~95% non-condensing | |
| | Drop Survival | 1.2M | |
| | Environment Protection | IP 64 | |
| Physical Characteristics | Certification | CE / FCC | |
| | Dimensions (LxWxH) (mm) | 127 x 70 x 16 | |
| Weight | 197g | | |

Ordering Information

| Part No. | Description |
|------------------|--|
| MODAT-210 | 3.5" TFT-LCDQVGA Enterprise PDA with TI Cortex A8 CPU, 802.11 b/g/n, Bluetooth, GPS, Android 2.3 OS, RoHS. |
