TeleEye Introduces DM880 & DM870 Series Speed Domes Powerful Zoom Capability Increases Your Field of View

TeleEye Group announced the launch of TeleEye DM880 and DM870 Series, speed domes equipped with powerful 432X (DM880 Series) and 312X (DM870 Series) zoom capability, allowing you to monitor any scene from greater distances.

TeleEye DM880 Series day/night speed dome equipped with reliable 36X optical zoom and 12X digital zoom with 480 TVL in daytime and 550 TVL at night. The ultra strong zoom capability captures every detail even at long distance. Under minimum illumination of 0.01 Lux, TeleEye DM880 Series Speed Dome brings objects closer than ever, clearer than before.

Don't worry about harsh outdoor conditions. With IP66 weather protection rating, TeleEye DM880 / DM870 Series operates in any weather environment.

TeleEye DM880 / DM870 Series also provides privacy zone masking function to mask out any undesired areas on screen. TeleEye DM880 Series provides up to 24 masks for privacy protection.

TeleEye DM889 / DM879 (Outdoor)

TeleEye DM882 / DM872 (Indoor)
