# Vantage<sup>®</sup> proFood<sup>®</sup>

### 70-866

Washable, cold-insulated, cut-resistant glove

## Premium cut protection and cold insulation through advanced technology

Looking for maximum cut protection and relief for cold, stiff hands? Ansell Vantage<sup>®</sup> proFood<sup>®</sup> gloves are the first to provide cut resistance up to Cut Level 5 combined with excellent insulation against temperatures down to 0° C. The result? An optimum hand protection solution for food preparation applications, offering increased safety, a higher level of user comfort and enhanced productivity.

#### **Recommended usage**

#### Boning

- Carving
- · Slicing and dicing
- Fish filleting
- · Fruit and vegetable processing
- Meals preparation

#### Outstanding cut protection

Reserved exclusively for our premium gloves, Ansell's cut resistance technology uses revolutionary engineered yarns containing Dyneema® fibre, for the highest cut-protection-to-weight ratio available. Rated at Cut Level 5, Vantage® proFood® gloves offer ideal protection when working with sharp knives, increasing worker safety.

#### Superior cold insulation

The cool temperatures of hygienic food preparation can be both unpleasant and unhealthy for workers. Instead of common yarns, Vantage® proFood® gloves are manufactured with engineered yarns for better insulation and superb protection down to 0° C.

#### Excellent comfort and grip for higher productivity

The Vantage® proFood® glove is designed to fit the hand well and comfortably. The glove also provides a better grip in wet and fatty conditions, enhancing both productivity and safety.

#### **Cost-effective:** no shrinkage after hightemperature laundering

Vantage<sup>®</sup> proFood<sup>®</sup> gloves are a smart investment. Fully washable, they retain their shape and size after repeated laundering. During manufacture, Vantage<sup>®</sup> proFood<sup>®</sup> gloves undergo pre-washing at 90°C. As a result, they may be laundered at temperatures up to 90°C with no further shrinkage.

#### Washable, cold-insulated, cut-resistant glove

Vantage<sup>®</sup> proFood<sup>®</sup> 70-866

#### Compliant with EU food legislation

Ansell Vantage<sup>®</sup> proFood<sup>®</sup> gloves fully comply with the relevant European Union Food-Contact Regulations and with applicable national legislations. For example, conforming to hygienic regulations, Vantage® proFood® gloves do not have an attached label.

#### Standardised colourcoding for overedging

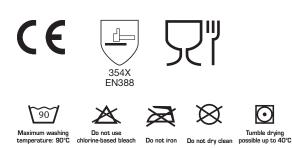

For easy identification, the Vantage® proFood® glove sizes are indicated by the colour of the cuff overedging,

#### **Specifications**

Ref	Description	Sizes	Colour Overedging
