

AFM 34 NOW CERTIFIED FOR IMMEDIATE USE IN THE FOODSTUFFS INDUSTRY.

Foodstuffs – liquid, solid, fatty, watery, and many others.

This piece of news meets the taste of machine engineering companies in the food & beverage industry perfectly: Until yesterday, expensive materials were required for flat gaskets in the foodstuffs industry. Now, an accredited institute has confirmed: The composite gasket material AFM 34 from Victor Reinz complies with the stringent FDA regulations in accordance with 21 CFR § 177.2600. In other words, a cost-effective alternative is now available, which also offers many additional benefits.

AN ENTIRE MENU OF BENEFITS FOR THE PRICE OF A DESSERT.

AFM 34: The multitalent with a price bonus.

FDA-compliant
for all kinds of
foodstuffs

Very good chemical
resistance (extremely
important e.g. for CIP
– cleaning in place)

High mechanical
strength

Outstanding
gas tightness

DELICIOUS PRICES AND FEATURES.

AFM 34 provides sealing where significantly more expensive materials were required in the past.

Beverages, chocolate, sugar, cooking oil, chewing gum – there are no limits for the application of AFM 34. Because no matter what is specified in the stringent FDA certification regulations (Title 21 § 177.2600 in the Code of Federal Regulations), AFM 34 meets the bill – and is considerably lower priced than previously available materials. AFM 34 can be used without any problems for technical solutions involving:

- production
- processing
- transport
- storage

of foodstuffs, including e.g. pipe flanges, containers, pumps, and all sizes of fittings – to mention just a few.

AFM 34 – THE MULTITALENT WITH ALL IMPORTANT RELEASES FOR ADDITIONAL SAFETY

- DIN-DVGW, SVGW, ÖVGW for gas supply utilities
- KTW, WRAS for drinking water
- VP401/HTB for gas meters and pressure control devices
- Fire Safe acc. to BS 4161 and BS 6755
- BAM for oxygen
- Grade X to BS 7531
- TA Luft (German Technical Directive on Clean Air)
- FDA-compliant

ONE FOR ALL.

THE MEAL IS SERVED: TRY THE TASTE OF AFM 34 FROM VICTOR REINZ.

We will be happy to send you the FDA-compliant declaration and material samples, as well as detailed information on your specific application in the field of machine engineering for foodstuffs production and processing.

Simply ask us for a good helping of AFM 34.
